

EMPLOYMENT  
ADVOCATES GROUP

EMPLOYMENT ADVOCATES GROUP strives to keep costs reduced for our staff: however, there are some costs that are expensive for the agency when employees leave the organization within six months or lose company property. For this reason, EMPLOYMENT ADVOCATES GROUP has designed an employee payback for specific items below. Trainings are repaid to the company if the employee resigns or is terminated within six months of hire by payroll deduction and/or bill. Further, training certificates are not released if the training was completed under six months prior or the amount below is not paid in full to the company.
